ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

Number of children transported 1932-1933	46
Number of children transported Sept. 1933-Feb.	
1934	23
Total cost of transportation	\$ 516.55
State rebate to town	737.96

The cost of transportation (\$516.55) is from February 1, 1933 to February 1, 1934, while the state rebate is from July 1, 1932 to July 1, 1933.

	Number of children enrolled	Percent of attendance
Attendance at:		
C. E. R. grammar school	34	94.9
C. E. R. primary school	33	96.6
Center school	27	97.3
Hanksville school	23	95.6
<hr/>		
Total	117	Average 96.1

The per cent of attendance was unusually high during the year which shows the parents are interested in having their children attend school regularly.

Seventeen pupils have attended high school in other towns during the year.

Teachers and pupils have worked to earn money to improve their schools. At Hanksville they have bought paint for side walls; also a new oil stove. At the Center a much needed encyclopedia has been purchased. A cupboard for

lunches has been placed in the primary room of the C. E. R. school. The P. T. A. bought a victrola for the grammar room. The teachers of the C. E. R. school plan to buy a few movable desks during the year. All the teachers have purchased work books in some subjects which have added to the interest of the pupils and the efficiency of the work.

We have bought books with the idea of having uniform texts in three schools. This has not always been done and as a result the texts in the schools are not the same in many subjects.

I think that excellent work has been done by the teachers and hope the same teachers may be engaged for next year.

Respectfully submitted,

DAISIE K. ALGER.

The town officers recommend that the following taxes be raised for 1934: General tax, \$1.00; School tax, \$1.00; Road tax, \$0.30.

After examining the books of the several town officers we find them correct.

DAISIE K. ALGER,
GLADYS J. FULLER,
G. A. SPAULDING,
Auditors.
